< MACHINE ADVANTAGES >

Our machines are designed to produce high quality bags with a long shelf life. They are suitable for a wide range of products and can be used in a variety of applications.

Our machines are equipped with a PLC (Programmable Logic Controller) which allows for precise control of the bagging process. This ensures consistent bag quality and reduces the risk of product damage.

Our machines are designed to be easy to use and maintain. They feature a simple control panel and a clear view of the bagging process. This makes them ideal for use in a variety of environments.

Our machines are designed to be compact and efficient. They take up less space than other bagging machines and can be used in a variety of applications. This makes them a great choice for businesses with limited space.

Our machines are designed to be reliable and durable. They are built to last and can handle a wide range of products. This makes them a great investment for businesses that need a long-term solution.

< CUSTOMER TESTIMONIALS >

True praise and good quality are all based on customer needs

Service praise

Great job done by Foshan Dession ... I want to thank you all for this nice experience ... the next to come is the best 😊

Quality praise

Hi Christy

At the moment dont need help

we test it one time

it works

now waiting the bobbins

Quality praise

Ok. Thank you, we will inform you!!!

Thaaaaank you very much dear Alisa you are Super, perfect with your engineer 🙌🙌🙌🙌🙌🙌. Everything is ok.

77 roses for you from heart

Quality praise

Ok thanks. Am busy installing the last machine

2021

i did the installation today, perfect machine

Service praise

My pleasure , it's happy to get your good feedback on the machine

Quality praise

Hello Joe - the machine continues to run better every day. We're hoping that all the parts do not start to break with use.

If anything breaks (like the heating bar), can you send up replacement parts?
