Application

Product Advantages

- 1 The equipment is made by high quality 304 stainless steel and aluminium alloy, which meets GMP requirements.
- 2 Featured with automatic load cup, filling, sealing, output in one with high degree of automation.
- 3 High filling precision.
- 4 Auto sensor to track the color mark on film to ensure the pattern film sealing on position of cup.

5 Adopting PLC to cooperate with man-machine interface control, the operation is simple and clear.

6 Suitable for packing different material cups.

Product specification

| | |
|-------------------|--|
| Model | Rotary cup filling and sealing machine |
| Cup diameter | Customized |
| Working speed | 800-900 cups/h |
| Filling volume | According to the cup volume |
| Machine dimension | 120x150x170cm |
| Machine Weight | 350kg |
| Power Supply | 1.2kw |

Company profile

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line, with superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products, metal products and other fields, to meet the needs of customers.
