

Factory-Direct Liquid Honey Spoon Packaging Machine

德迅 *Dession*

< **INTRODUCE** >

The whole body of the machine is made of stainless steel. It is suitable for packing honey spoon, can automatically complete filling, lid feeding,

sealing and spoons output. The machine has many advantages, such as intelligent digital temperature control system, with high seal strength, good sealing effect, low failure rate. It is the preferred business automation production product.

< APPLICATION SCENARIOS >

< MACHINE ADVANTAGES >

1. Digital screen display with numerical setting and flexible operation.
2. Imported PLC control system and color touching screen, easy operation.
3. Imported film driving system and color sensor enable accurate position.
4. PID independent control of temperature, more suitable for different packaging material.
5. Multiple automatic alarming functions, maximum deduction the loss.
6. Dual encoders enable more stable performance.

< MACHINE DETAIL MARKINGS >

DETAIL

Spoon Film Heat Sealing Device

The honey spoon heat sealing device controlled by the intelligent temperature control system can set the temperature according to the material of the film, and perfectly complete the sealing process of the capsule.

Pneumatic Metering Filling

Device

The customized high-precision pneumatic metering and filling device has a special retraction device to ensure the accuracy of honey metering and filling. The range of filling can be set on the machine, and the operation is simple.

Electric eye device

There will be no filling when there is no cup, and an alarm will sound.

Automatic spoon dropping system

Mainly completed by the pneumatic device, the system consists of pneumatic components, Storage spoon rack and other components; by the template to stop when the signal is sent to the bottom at the same time the suction spoon synchronization control action to complete. Stable and efficient.

< CUSTOMER TESTIMONIALS >

True praise and good quality are all based on customer needs

Great job done by Foshan Dession ... I want to thank you all for this nice experience ... the next to come is the best

Ok. Thank you, we will inform you!!!

Thaaaaank you very much dear Alisa you are Super, perfect with your engineer. Everything is ok.

77 roses for you from heart

Ok thanks. Am busy installing the last machine

i did the installation today, perfect machine

Hello Joe - the machine continues to run better every day. We're hoping that all the parts do not start to break with use. If anything breaks (like the heating bar), can you send up replacement parts?

Hi Christy

At the moment dont need help

we test it one time

it works

now waiting the bobbins

Okay good luck

All the best

Thank you

First you use the machine and any thing you need you can ask me

Thanks

My pleasure , it's happy to get your good feedback on the machine

It's good And your service is excellent Your Boss must give increase
