Product Advantages

- 1 Superior Efficiency: With a high-speed packing rate, this machine can pack shisha tobacco at an impressive speed, maximizing productivity and reducing downtime.
- 2 Accurate Packaging: Equipped with a precise weighing and packaging system, this machine ensures that each packet of shisha tobacco is accurately measured and packed to meet consistent standards.
- 3 Hygienic Design: The machine's all-stainless-steel structure meets QS food hygiene standards, ensuring a safe and clean production environment for shisha tobacco packaging.
- 4 Easy to Operate: Featuring an intuitive color touch screen, this machine is easy to operate, with clear displays of relevant information, enabling operators to quickly identify and address issues.

5 Low Maintenance: The machine's advanced PLC control system and automatic fault diagnosis minimize the need for maintenance and repair, reducing downtime and saving costs.

6 Easy to Clean: The integrated 304 stainless steel structure of the extrusion hopper, screw, and barrel simplifies cleaning, ensuring that shisha tobacco packaging is free of contaminants and ready for use. Chinese-English-Russian PLC control system, only need to set the parameters on the touch screen (bag length and so on). The system automatic control and achieve the best packaging speed.

Product specification

Model	DS-250SY
Packaging range	50-100g
Largest film width	250mm
Packing speed	50-120bags/min
Machine Size	(L)1417.5*(W)750*(H)1290mm
Machine Weight	200kg
Power	220V,50/60HZ,2.4KW
Bucket capacity	80L

Company profile

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line, with superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products, metal products and other fields, to meet the needs of customers.
