

Advanced Envelope Wrapping Machine for Efficient Packaging China Manufactory

德迅 *Dession*®

[Detailed Images](#)

1

Box forming device

Envelope shape holder, can be customized, according to the size requirements to customize the desired shape

2

Box placement

With adjustment function, adjust and customize according to needs

3

Vacuum suction device

Electric eye induction, vacuum
adsorption

4

Sealing, spray glue

Automatic ear folding, box
sealing, glue spraying

Product Advantages

Enhanced Pre-Folding: The envelope-wrapping machine excels in producing paper boxes with a pre-folding effect, creating a polished and professional appearance for your products.

Multi-Function Integration: Equipped with a PLC operating system, it seamlessly integrates with filling, labeling, weighing, and three-dimensional packaging equipment, reducing the need for manual intervention and saving valuable manpower.

Versatile Application: Tailored for cosmetics, electronic digital products, and healthcare items, this machine's adaptability ensures it caters to a wide range of industries, providing unparalleled packaging efficiency.

Advanced Structure: Derived from customer feedback, the machine's structure has been optimized to enhance overall performance. It's a result of continuous improvement and technological innovation, ensuring a reliable and cutting-edge solution.

Optimized Efficiency: With a production capacity of 20-30 boxes per minute, the DS-XZ030 envelope wrapping machine guarantees efficient packaging processes, enabling you to meet high demand while maintaining product quality.

Product specification

Model:	DS-XZ030
carton size range:	Sample customization
Paper Requirements Scope:	300 g/m ² ≤ Best for paper: 350 g/m ² ≤ 450 g/m ²
Paper requirements:	The indentation of the paper box is not less than 0.4mm, with a pre-folding effect
Production capacity:	20–30box/min
Total power:	1.5 KW
Equipment dimensions:	About L3300*W1320*H1650mm
Machine weight:	About 1.1T

Company profile

Foshan Dession packaging Machinery Co., Ltd. is located in China Machinery Center----Foshan Nanhai city, only takes 30 minutes to Guangzhou and 2 hours to Shenzhen/Hongkong. Dession is a comprehensive modern company integrating research , manufacturing and sale. It is a leading manufacturer of Rotary Packaging machine, Vertical Powder/Granule/Liquid Packaging machine, Automatic Feeding Line, flowing packing machine and supporting facilities, which has successfully developed more than 80 kinds of packaging machines and related equipment and most of them has passed the CE Certification with European Standard.

AFTER-SALES SERVICE

1. With professional after-sales service team, we can provide you with a satisfied and technical service no matter which country you are in;
2. Any videos of packing machine installation, adjusting, setting, maintenance are available for any buyer;
3. If you got any problem when using the machine and the videos can not help, our technician will have video chatting with you to fix your problem;

(Notice: In order to save your cost, we offer various video chatting service for you, but if you insist on the service oversea, the travel expense and technician cost will paid by you.)

OUR ADVANTAGE

On-site installation,
commissioning and training

High automation, simple
operation and labor saving

High automation, simple
operation and labor saving

Life long technical
service support

Dession has a professional team to provide customers with various packaging solutions. Fully understanding the needs of customers, engineers design the most suitable solution. We have our own processing and assembly workshop and quality inspection and debugging process to ensure the quality of the machine. After acceptance by the customer, they are packed in international standard woodencases and shipped. If customers have any questions during the use of the machine, we will answer them in time.

PACKAGING SHIPPING
