

## Auto High Quality Syringe Horizontal Packing Machine Medical packaging machine solutions

德迅 *Dession*

< INTRODUCE >

Dession's DS-350X Medical Syringe Packaging Machine - An innovative

solution for medical pillow packaging. Precision-engineered with 304 stainless steel, safety features, and independent temperature control. Achieve efficient and flawless sealing at high speeds.

## < APPLICATION SCENARIOS >

## < MACHINE ADVANTAGES >

**304 Stainless Steel Construction:** The equipment rack's contact material part is made of 304 stainless steel, ensuring compliance with food safety standards (QS).

**Safety Features:** Equipped with comprehensive safety protections, meeting the stringent requirements of enterprise safety management.

**Independent Temperature Control:** The machine adopts an independent temperature control system, ensuring accurate temperature control for beautiful and flat seals.

**Servo Control Technology:** The horizontal sealing, vertical sealing, and feeding are driven by servo control, PLC control, and touch screen control, providing high reliability, intelligence, and efficiency.

**Touch Screen Convenience:** The touch screen allows for the storage of various packaging process parameters, facilitating seamless transitions between different products without the need for constant adjustments.

[< MACHINE DETAIL MARKINGS >](#)

DETAIL

### **Customized bag maker**

Fold and roll the film through the metal panels on both sides to form a bag shape

### **High sensitivity cursor eye**

Using a high sensitivity cursor electric eye to accurately track the color blocks of the roll film, effectively preventing deviation during the roll film process

### **Hot press sealing area**

Independent PID temperature control, heating double sided rotary sealing, sealing the back of packaged products to ensure sealing

### **End seal cutting area**

Rotate the constant temperature

heat sealing cutter to seal the front  
and rear ends of the packaged  
product to avoid curling or  
loopholes in the sealing position
