Product Advantage

High production efficiency: With a production speed of up to 40 bags per minute, the can meet the demands of small factories with high-speed requirements.

Precise and stable sealing: The machine's roll flower process ensures a smooth sealing experience, without any burrs or rough edges, while the anti-fouling and dust-proof devices help maintain a clean and hygienic production environment.

Easy to operate: The machine offers Chinese and English language settings, making it easy for operators to understand and control the process. The adjustable measuring cup also allows for precise measurement and adjustment, even under shutdown conditions.

Durable and long-lasting: The machine is built with all stainless steel covers that comply with GMP standards, ensuring a robust and long-lasting production solution. The rolling mechanism is also designed for precision and stability, with a long service life.

Versatile: The is designed to package a variety of tea types, including bulk tea, herbal tea, health tea, scented tea, and other inner and outer bags, making it a versatile solution for tea manufacturers.

Product specification

Model	DS-T-C18
Filling range	3-10g
Packaging speed	30-40 bags/min
Inner bag size	L: 50-80mm W: 45-80mm
Outer bag size	L: 80-120mm W: 75-95mm
Machine size	1750*740*1950mm
Machine Weight	300Kg
Machine power	220V / 50/60Hz / 2.2Kw

Company profile

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line, with superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products, metal products and other fields, to meet the needs of customers.
