< MACHINE ADVANTAGES >

The DS-350X features a new design that combines aesthetics with functionality, offering a more reasonable structure and advanced technology.

Equipped with an imported PLC computer control system and color touch screen, the machine is easy to operate, providing an intuitive and efficient experience.

The imported film transport system and color standard sensor ensure accurate positioning, contributing to excellent performance and beautifully packaged products.

Multiple automatic alarm protection functions are integrated to minimize potential damage and enhance safety.

The machine supports a variety of bag shapes, including pillow bags, pockets, and hole bags, providing customers with flexibility in packaging options.
