

CE certified doypack packaging machine Pecans nuts packaging machine

< INTRODUCE >

The "CE certified doypack packaging machine Pecans nuts packaging machine," Model DS-GDS300-08, is a cutting-edge packaging solution offered by Foshan DESSION Packaging Machinery Co., Ltd. This advanced machine is designed to efficiently package a wide range of products, including pecans nuts, in various pre-made bag formats such as flat bags, stand-up bags, zipper bags, handbags, and M bags. With its eight-station structure and state-of-the-art technology, it simplifies the packaging process, enhances productivity, and ensures precision and reliability. DESSION's commitment to quality is reflected in this machine, which complies with GMP standards and holds CE certification.

< APPLICATION SCENARIOS >

< MACHINE ADVANTAGES >

1. The whole machine has an eight-station structure and is centrally controlled by an industrial computer (based on the ethercat bus) and a large touch screen. The operation is simple and convenient;
2. Equipped with automatic fault tracking and alarm system, and real-time display of operating status;
3. Empty bag tracking and detection device, which can realize no sealing when the bag is not opened or unloaded, saving packaging materials;
4. The full servo control system is used for action execution, and the execution is reliable, fast, and accurate;
5. The whole machine design complies with GMP standards and has

passed CE certification.

Quality praise

Hello Joe - the machine continues to run better every day. We're hoping that all the parts do not start to break with use.

If anything breaks (like the heating bar), can you send up replacement parts?
