

# China high speed shisha molasses packaging machine shisha tobacco filling and sealing machine Manufacturer

## Request

>What can this machine pack?

We specialize in providing shisha tobacco packaging solutions from filling, sealing, packing and packaging.

## PRODUCT DETAILS

Fully automatic shisha tobacco packing line. It is a set of highly customized equipment, consisting of dismountable dispatch table, hookah metering filling machine, film sealing machine, bottle capping machine, checkweigher and labeling machine.

德迅 *Dession*®

### Main characteristics

1. Efficiency: bag making, filling, sealing, cutting, heating, date/batch number achieved in one time;
2. Intelligent: filling speed and bag length can be set through the screen without

partial changes;

3. Profession: independent temperature controller with heat balance enables different packing materials; Dual inverters controller, upgradeable PLC system, self-failure diagnosis, dual encoder.

4.Feature: Automatic stop function, with safe operation and film saving;

5.Convenient: low loss, labor saving, easy for operation and maintenance.

6 Adaptability: one set of machine can be applied to different type of products via optional devices, such as air filling device, feeding line, etc.

|                   |  |
|-------------------|--|
| the Machin's name | Screw measuring machine  |
| Eligibility       | 15-50 bottles/min  |
| filling weight    | 50g (accept customized)  |
| Energy            | 380V 50/60HZ 2.3KW   |
| Package accuracy  | 50g <= / - 1.5g (different materials have different actual errors) |

|                |        |
