Conveyor belt

Envelope shape holder, can be customized, according to the size requirements to customize the desired shape

Vacuum suction box

With adjustment function, adjust and customize according to needs

Vacuum suction device

Electric eye induction, vacuum adsorption

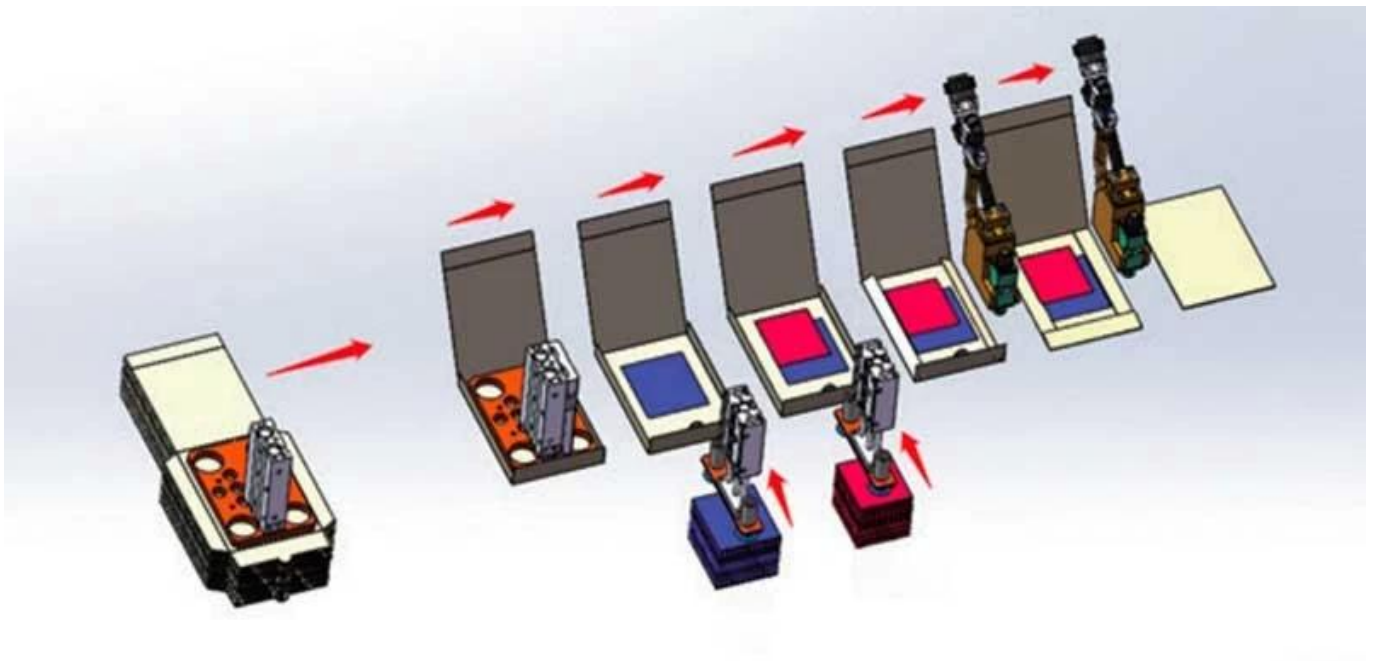

Sealing, spray glue

Automatic ear folding, box sealing, glue spraying

Contact us

Application

One machine meets the needs of various products, and products of different shapes can be customized

Customized products that
match your own

Product Advantages

1. Precision Redefined: Derived from valuable customer insights, our Envelope Wrapping Machine seamlessly blends light, gas, and electricity, enhancing packaging precision. The PLC operating system ensures flawless operations.
2. Versatile Packaging: Tailored for cosmetics, electronics, and healthcare, this machine elevates packaging standards, showcasing your products at their best.
3. Integrated Workflow: Effortlessly syncs with filling, labeling, and weighing machines, optimizing your packaging line and boosting overall productivity.
4. Dimensional Mastery: Not just limited to traditional packaging, it accommodates three-dimensional packaging, expanding your creative packaging horizons.
5. Efficiency Unleashed: Embrace automation's power, as our machine reduces manual interventions, boosting efficiency and trimming costs.
6. Consistency Preserved: Each package is cocooned with precision, safeguarding your products' integrity throughout transit and display.

Product specification

Model:	DS-XZ030
carton size range:	Sample customization
Paper Requirements Scope:	300 g/m ² ≤ Best for paper: 350 g/m ² ≤ 450 g/m ²
Paper requirements:	The indentation of the paper box is not less than 0.4mm, with a pre-folding effect
Production capacity:	20-30box/min
Total power:	1.5 KW
Equipment dimensions:	About L3300*W1320*H1650mm
Machine weight:	About 1.1T

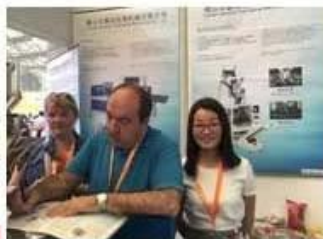

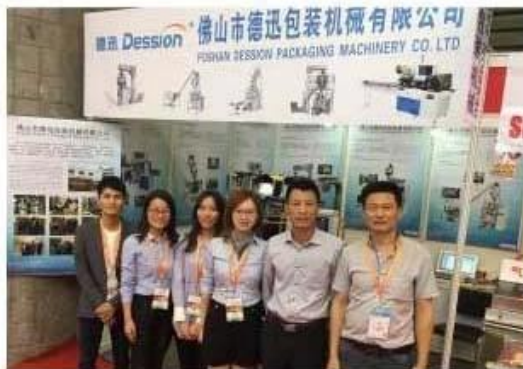

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line
