

## Desktop single-head rotor pump filling machine: Compact and flexible

德迅 *Dession*®

< INTRODUCE >

The Desktop single-head rotor pump filling machine is specially designed for high-viscosity and particle-containing liquids. It adopts a three-blade rotary pump structure to achieve pulsation-free, low-shear filling with an accuracy of plus or minus 1%. It is suitable for creams, jams, ointments and other products. Equipped with a PLC intelligent control system, it supports one-button switching of 100-1000ml capacity, equipped with a drip-proof nozzle and a quick-release cleaning structure, and meets GMP standards. It is widely used in small-batch production in the cosmetics, food, and pharmaceutical industries, 1000~2000 per hour, taking into account high precision and hygiene requirements. It is an ideal equipment for R&D trial production and flexible production.

## < APPLICATION SCENARIOS >

## < MACHINE ADVANTAGES >

Three-leaf pump conquers granular paste, pulsation-free 0 damage filling

Intelligent precision center,  $\pm 1\%$  error, 100-1000ml cut in seconds

Quick disassembly anti-pollution system, GMP cleaning completed in 30 minutes

Flexible production capacity engine, seamless connection from R&D to mass production

China's intelligent manufacturing cost reconstruction, 24-month long warranty and lifetime technical support

## FOSHAN DESSION PACKAGING MACHINERY CO., LTD.

Foshan Dession Packaging Machinery Co., Ltd. is located in China Machinery Center, Nanhai District, Foshan city. Dession is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises. It has the self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line. With superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products and other fields to meet the needs of customers.
