- Hopper easy load and unload without tools , inner wall polished,easy cleaning

Whole set of packing machine

Measuring System (Auger Filler)

Auger Filler (If you have different packing weight , you need change this auger.)

Touch Screen

Electircal Parts

Machine Main Parts

Name: Auger Filler

Name: Screw Conveyor

It is suitable for flour ,milk powder ,bean powder etc suitable all kinds of powder material .

Mainly loading the powder material to the auger filler

Application:

Suitable for all kinds of material powder, such as flour, bean powder, coffee powder, milk powder, cornstarch, medical health powder, soy milk powder etc

Shipping:

Upon receipt of payment, the delivery date will be in 15-30 working days,
By air, by sea or by express (DHL etc.)

Packing Procedure

1. Put the machine on the carton

2. Wrapping the machine

3. Sealing the carton

4. Waiting for shipping

COMPANY PROFILE

DESSION is a modern packaging equipment solution provider integrating R&D, production and sales. Since the establishment of the company, with the continuous exploration, research and application of advanced technology, the company's development has begun Scale, with an innovative team of professional and technical personnel, engineers, sales and after-sales service personnel, has successfully developed a number of series of packaging machinery and related equipment, widely it is used in food, medical supplies, hotel supplies, daily necessities, hardware accessories, cultural and sports goods, toys and other products that require flexible packaging. With advanced engineering design technology and high-quality equipment system, the equipment is out The mouth has reached the Middle East, Southeast Asia, Europe, America, South Africa and other countries and regions, and has been well received by users all over the world.
