

## **Disposable Spoon Fork Knife Cutlery Set With Napkin Packaging Machine Wooden Plastic Tableware Kit Wrapping Packing Machine**

### **< INTRODUCE >**

The automatic wet tissue napkin fork spoon cutlery packing machine manufacturer is specially designed for paper towels, chopsticks, toothpicks, table knives, spoons, forks, and other kinds of combined packing. The machine adopts vertical folding, down into the film material mechanism, fast packing speed, stable operation, and can automatically complete the following processes: paper towel folding - slicing - chopsticks, toothpicks, knives, chopsticks, spoons automatic feeding - bag-making - counting - batch number - finished product output and other functions. The high degree of automation, saving time, labor, and cost; And effectively avoiding paper towels and other tableware in the packing process of secondary pollution, more in line with the relevant national production safety standards. The compact design of the machine saves more effective space in the workshop, safe and easy to operate. It is the current preferred equipment for tableware packaging.

## < MACHINE ADVANTAGES >

1) Servo motors and control system drive mode:

A. Air defense, positioning stop function, save packaging materials;

B. Prevent cutting, protect the cutter, improve efficiency;

2) Innovate and upgrade the structure design of hanging film to ensure the same tension when using packaging films of different diameters and materials to ensure the smooth operation of equipment;

3) High-level electrical appliances and big color touch screen, free parameter setting, convenient and fast;

4) All controls are controlled by software, easy to operate, and convenient for later technical upgrades and function adjustment;

- 5) Temperature-independent PID control, better suitable for all kinds of material coating;
- 6) Compact structure design, simple rotation system, stable performance, more convenient maintenance;
- 7) With fault self-diagnosis function, reduce maintenance time, to ensure stable production;
- 8) Automatic blanking, a high degree of automation, saves worry, effort, and cost.
