Application

Product Advantages

This equipment integrates light, gas, and electricity, and adopts a PLC operating system. It is suitable for packaging products with a large output such as daily chemical products and pharmaceuticals. The equipment uses continuous box opening and pushing methods for box opening and pushing, and the production speed can reach between 100-150 boxes per minute. It has the characteristics of stable packaging and high output. Can better save manpower!

Product specification

Model:	DS-GS150
carton size range:	L 110-200 * W 30-70 * H 18-45mm (can be customized according to product)
Paper Requirements Scope:	300 g/m ² ≤ Best for paper: 350 g/m ² ≤ 450 g/m ²
Paper requirements:	The indentation of the paper box is not less than 0.4mm, with a pre folding effect
Production capacity:	100-150box/min
Total power:	3 KW
Equipment dimensions:	About L3950 * W1550 * H1730mm
Machine weight:	About 2T

Company profile

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line, with superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products, metal products and other fields, to meet the needs of customers.
