

## **Full automatic disposable wooden plastic set spoons napkin cutlery packing machine**

### **< INTRODUCE >**

The automatic wet tissue napkin fork spoon cutlery packing machine manufacturer is specially designed for paper towels, chopsticks, toothpicks, table knives, spoons, forks, and other kinds of combined packing. The machine adopts vertical folding, down into the film material mechanism, fast packing speed, stable operation, and can automatically complete the following processes: paper towel folding - slicing - chopsticks, toothpicks, knives, chopsticks, spoons automatic feeding - bag-making - counting - batch number - finished product output and other functions. The high degree of automation, saving time, labor, and cost; And effectively avoiding paper towels and other tableware in the packing process of secondary pollution, more in line with the relevant national production safety standards. The compact design of the machine saves more effective space in the workshop, safe and easy to operate. It is the current preferred equipment for tableware packaging.

### **< APPLICATION SCENARIOS >**

## < MACHINE ADVANTAGES >

- a. Multilingual Interface: Supports over 20 languages, making it user-friendly for a diverse clientele.
- b. PLC Control: Intelligent control system ensures steady operation without frequent machine stops.
- c. Efficient Bag Cutting: Double frequency converter control allows for one-step bag length setting and cutting, saving time and film.
- d. Fault Diagnosis: The self-diagnose function displays any faults on the screen, simplifying maintenance.
- e. Accurate Packaging: High sensitivity photoelectric eye color tracing and precise input of bag size ensure accurate cutting positions.
- f. Temperature Control: PID technology controls temperature

independently, adapting to various packaging materials.

g. Waste Reduction: Positioned stop function prevents wasted film or blade sticking, enhancing efficiency.

h. Reliability: Simple driving system ensures reliable performance and easy maintenance.

i. Software Control: All functions are software-controlled, facilitating adjustments and technical updates.

## < CUSTOMER TESTIMONIALS >

True praise and good quality are all based on customer needs

**Service praise**

Great job done by Foshan Dession ... I want to thank you all for this nice experience ... the next to come is the best 😊

**Quality praise**

Hi Christy

At the moment dont need help

we test it one time

it works

now waiting the bobbins

Ok thanks. Am busy installing the last machine

2021

i did the installation today. perfect machine

**Quality praise**

Ok. Thank you, we will inform you!!!

Thaaaaank you very much dear Alisa you are Super, perfect with your engineer 🙌🙌🙌🙌🙌🙌. Everything is ok.

77 roses for you from heart

**Service praise**

My pleasure , it's happy to get your good feedback on the machine

It's good And your service is excellent Your Boss must give increase

**Quality praise**

成 Neale 美国单工位预制袋混合沙

Hello Joe - the machine continues to run better every day. We're hoping that all the parts do not start to break with use.

If anything breaks (like the heating bar), can you send up replacement parts?
