Gusseted bags

Quad seal bag

## < MACHINE ADVANTAGES >

1. Convenient operation: it adopts PLC touchscreen control and man-machine interface operation system, which is intuitive and convenient to operate;
2. Convenient adjustment: fully automatic Just input the required parameters from the man-machine interface, and all parts of the packaging machine can be adjusted to the part of the required command;
3. High degree of automation: meet the requirements of full-automatic vacuum, realize unmanned in the process of weighing and packaging, and give an automatic alarm of war barrier;
4. The perfect prevention system can intelligently detect whether the bag is opened and whether the bag is complete. If it is not suitable to add materials, it will not be heat sealed Do not waste bags and materials and save costs;
5. The equipment meets the hygienic standard of food processing machinery, and the contact part between the equipment and materials is processed with 304 stainless steel or other materials that meet the requirements of food hygiene.

< [DETAIL](#) >

## TOUCH SCREEN

The touch screen can store parameters and adjust them at will, which is simple and convenient

A

B

## Z TYPE HOIST

Automatic product loading, with built-in protective cover, making it more convenient

## ROLL FILM

Automatic film rolling, smooth film pulling without jamming, etc.

C

D

## MEASURING CUP

The weight can be set, freely adjusted, accurate measurement, high precision

## BAG FORMER

Automatic bag making, lapel structure, smooth lapel, intelligent bag making

E

F

## HEAT SEAL CUT

Heat sealing and cutting, sealing can be customized according to needs.
