< MACHINE ADVANTAGES >

1. The machine is new in design and beautiful, with perfect structure and advanced technology.
2. Famous brand PLC computer control system and color touch screen control board. Make more easy operation and highly efficient.
3. Automatic alarm device and much-reduced loss.
4. Imported servo motors film pulling system and electric eye sensor control make it more accurate and perform to create the perfect bag shape.
5. Can make various bag shapes such as pillow bags, gusset bags, pouching whole, link bags, quod seal bags, etc.
6. Optical fiber sensor detects materials, no packaging without materials, saving packaging film.
7. Weight measuring, bag making, filling, sealing, cutting, and bag counting can be done automatically.
8. Integrated weighing module saves space and improves the overall packaging speed.
9. Noiseless stepping motor to improve steady working conditions and decrease vibrator and noise.

10. Using high-quality steel and brand parts, the machine long life span.

11. High-sensitivity photoelectric eye color tracing, accurate cutting positioning, excellent machine performance, and beautiful packaging.
