- (Note: to save your cost, we offer several video chat services for you, but if you insist on overseas service, the cost of the trip and the cost of the technician will be paid by you).

About our price

Foshan Dession Packaging Machinery Co., Ltd mainly manufactures pillow packaging vertical machines and machines for automatic packaging.

The prices of the equipment vary according to the type of machines (the type is up to the

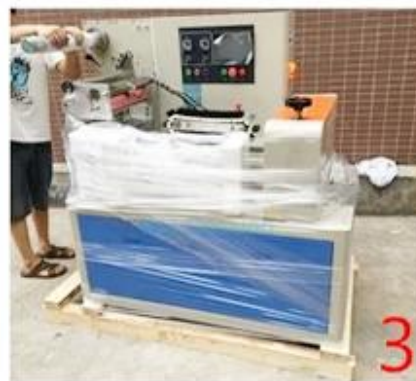

size and ownership of the customer's product) and the customer's specific requirements for the machine (full or partial stainless steel equipment).

In addition, depending on the brand of the packaging machine of the essential component, the price will be different between China, Japan and Germany.

Finally, the prices of standard and non-standard machines are also different. The standard machine is usually a fixed price, but the non-standard one is based on specific requirements, such as the form of delivery, the form of measurement, the demand to inflate and deflate, the style of making a bag, the way to hit also as coding and etc.

Shipping:

Once the payment is received, the delivery date will be 15-30 business days,
By air, by sea or by express (DHL, etc.)
