

Novelly designed honey filling machine Honey cap filling machine China manufacturer

< INTRODUCE >

Widely used in the food industry, beverage industry, pharmaceutical industry, and chemical industry.

It's suitable for all kinds of liquid, paste, and sauce filling, such as honey, chili sauce, tomato sauce, pearl milk tea, orange juice and other materials, it's high versatility;

< APPLICATION SCENARIOS >

< MACHINE ADVANTAGES >

- a. Advanced Filling Technology: This machine employs servo-driven multi-head piston filling, ensuring precise and efficient honey filling.
- b. Temperature Control: It can handle products with temperatures up to 70°C, making it suitable for various filling needs.

c. Hygienic Design: The liquid-contact parts are made from 304# stainless steel and food-grade PVC, meeting stringent hygiene standards.

d. Drip Prevention: Equipped with anti-dripping nozzles, it prevents spills and leakage during the filling process.

e. Versatile Compatibility: This machine is highly adaptable, requiring no part replacements. It can quickly adjust to different bottle shapes and sizes, meeting the demands of multi-variety production.

[DETAIL](#)

1

CONVEYOR BELT

The width of the conveyor belt can be adjusted to suit different bottles

2

VIBRATING PLATE

Automatic bottle loading function is realized by vibrating plate material handling, labor

3

LIQUID FILLING

The liquid pump quantitatively loads the material into the bottle, and the measurement is accurate

4

CAPPING MACHINE

Place the lid on the bottle using the automatic capping process to seal tightly
