

Small Plastic Tubes Pouch Packing Filling Machine with Automatic Multi Heads Weighing

Function and Characteristic of Plastic Tubes Packing Machine

1	Digital screen display with numerical setting and flexible operation;
2	Servo System which makes the high packing speed with stable working;
3	Input PLC control , stable performance, can be upgraded
4	High sensitivity photoelectric eye color tracing, numerical input of cutting sealing position for extra accuracy
5	Simplest automatic packaging can achieve high speed.
6	Multipurpose packaging, suitable for various packaging to same type of product.
7	Reciprocating sealing device enables firmer sealing and no loss of film.

Details

Multihead Linear Weigher Features of Pouch Packing Filling Machine

1. Make mix different products weighing at one discharge.
2. High precise digital weighing sensor and AD module have been developed.
3. Touch screen is adopted. Multi-language operation system can be selected basing on customer's requests.
4. Material collecting system with function of unqualified product remove, two direction discharge, counting, restore default setting.
5. Multi grade vibrating feeder is adopted to get the best performance of speed and accuracy.

Small Plastic Tubes Pouch Packing Filling Machine with Automatic Multi Heads Weighing Applications

Suitable for high precision measurement and fragile packaging bulk objects, such as: candy, puffed food, crispy rice, fruit cold, sweets, pistachio, apple slices, dumplings, rice balls, chocolate, hardware, dried Cranberry, plastic tubes, etc.

Company Information

Our Workshop

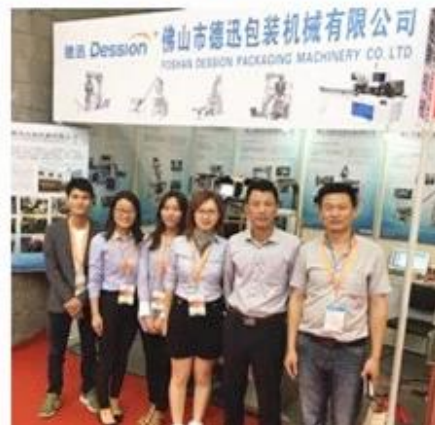

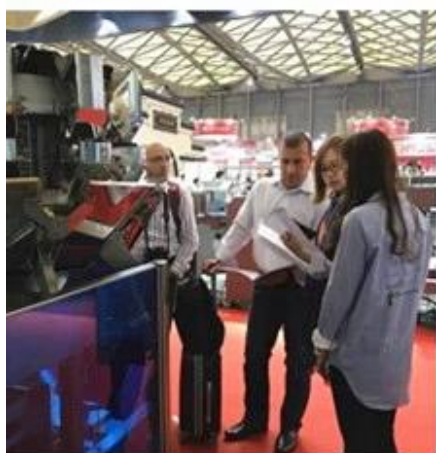

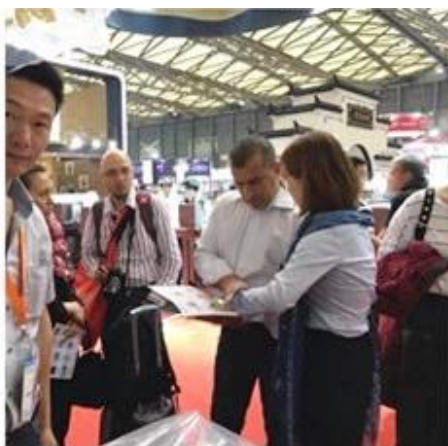

1. Dession Packaging Machinery Co., Ltd is a comprehensive modern packer-manufacturing company integrating research, manufacture and sale.
2. Our company has passed CE certification of EU.

3.Besides, our equipments are extensively appraised by many customers from different countries such as England, German, France, Russia, America, Singapore, Malaysia, South-Africa, Israel and so on.

4.All technologies and equipments are based on practicality and applicability, striving to improve production efficiency and creating surplus value to the utmost for customers.

Our Partners

Our Service

1. With professional after-sales service team, we can provide you with a satisfied and technical service no matter which country you are in.

2. Any videos of packing machine installation, adjusting, setting, maintenance are available for any buyer.

3. If you got any problem when using the machine and the videos can not help, our technician will have video chatting with you to fix your problem.

About Our Price

Foshan Dession Packaging Machinery Co., Ltd mainly manufactures pillow packaging machines and vertical automatic packaging machines.

The prices of equipments vary from the type of machines (type is up to the size and property of customer's product.) and customer's specific requirements for the machine (complete or partial stainless steel of the equipment).

Besides, based on the packaging machine's brand of essential component, price will be different among China, Japan and German.

Finally, the prices of standard and non-standard machines are also different. The standard machine is generally a fixed price but the non-standard one is based on specific requirements such as the way of delivery, the form of measurement, the demand of inflating and deflating, the style of making a bag, the way of punching as well as coding and etc.

Shipping:

Upon receipt of payment , delivery date will be in 15-30 working days,
