

Professional ten-head weighing granule quantitative filling machine - opening a new era of precision packaging

德迅 *Dession*®

< **INTRODUCE** >

They suit for all kinds of solid granule, piece or non-stable shape goods,

such as chips, puff corn flake, popcorn, beef jerky, rock sugar, rock salt, mushroom, peanut, wall nut, dried fruits, sugar, pasta, snacks, rice, corn, wheat, grains, beans, nuts, candy, hard biscuit, cup jelly, sugar powdered gummy candy, tea leaves...and other non-food products: components, metal hardware, nails, bolts, nuts, fastener and so on in to the plastic bag.

< APPLICATION SCENARIOS >

< MACHINE ADVANTAGES >

- 1. Operates in a quiet work environment with low noise levels, promoting energy efficiency.**
- 2. Presents an economically complete equipment set.**
- 3. Adopts a high-precision servo film transport system, PLC Program Control, and an advanced touchable Human-machine Interface for features like Automatic Positioning, Photoelectric Tracking, and Digital Temperature Control.**
- 4. Streamlines operations for simplicity and perfection, making it the preferred choice in the food packaging industry to enhance production efficiency, reduce labor intensity, and elevate packaging equipment standards.**
- 5. Independently controls transverse and longitudinal sealing temperatures, suitable for various heat-sealing packaging materials such as PE/polyethylene, PE/aluminum plating, pet/PE, pp, etc.**
- 6. Automates the entire process of filling, measuring, bagging, date printing, charging (exhausting), and product output.**

< MACHINE DETAIL MARKINGS >

< DETAIL >

multi heads weigher

304 stainless steel , multi-head combined weigher, improve metering speed and accuracy.

Suitable for high measuring precision and easy crushed bulk material quantitative packing

vacuum feeder

Vacuum feeder is a kind of conveying equipment with dust-free and sealed pipeline, which can transmit granular and powder materials by means of vacuum suction.

Vacuum cleaner

Reduce dust in the workshop and prevent dust from sticking to the sealing area and affecting the sealing effect

Cutting Knife

By heating metal cutter sealing packaging to prevent leakage , ensure tightness.

< COMPANY PROFILE >

FOSHAN DESSION PACKAGING MACHINERY CO., LTD.

Foshan Dession Packaging Machinery Co., Ltd. is located in China Machinery Center, Nanhai District, Foshan city. Dession is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises. It has the self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line. With superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products and other fields to meet the needs of customers.

< OUR SERVICE >

Worry Free After Sale

Professional after-sales team with 10 years of experience

24-hour online after-sales

Professional technical team, on-site installation service

on-site debugging training

With a professional after-sales service team, we can provide you with satisfactory and technical service no matter which country you are in; Any videos of packing machine installation, adjusting, setting, and maintenance are available for any buyer; If you have any problem when using the machine and the videos can not help, our technician will video chat with you to fix your problem; (Notice: In order to save your cost, we offer various video chatting services for you, but if you insist on the service overseas, the travel expense and technician cost will paid by you.)

< OUR SHIPPING >

Upon receipt of payment , delivery date will be in 15-30 working days, By Air, by Sea or by Express (DHL etc)

FAQ

Q1. Are you a manufacturer?

A1: Yes, we are an experienced manufacturer with our own brand and production lines, welcome to visit our factory at your convenient time.

Q2. How about the quality of products?

A2: Our technicians and QC teams test the products one by one using aging lines, professional devices, and instruments to ensure the quality of all products.

Q3. How about the price?

A3: We are a manufacturer and always offer our customers the most competitive prices.

Q4. How to place an order?

A4: Contact with online service, or send an email to us directly, we will reply to you with the product price, specifications, packing, etc. soon.
Thank you.

Q5. May I send samples to you for testing?

A5: Yes! You are welcome to send us your products to test by our machine.

Q6. How long is your delivery time?

A6: Generally it is 5-10 days if the goods are in stock. or it is 15-30 days if the goods are not in stock.
