Application

Customized products that
match your own

One machine meets the needs of various products, and products of different shapes can be customized

Product Advantages

Swift Packaging: Operating at an outstanding speed of 100-150 boxes per minute, the DS-GS150 ensures rapid and efficient packaging, making it a vital asset for industries with high production needs.

Innovative Integration: By seamlessly incorporating light, gas, and electricity, this machine creates a potent packaging solution that optimizes efficiency, stability, and product quality.

Versatile Application: Tailored for daily chemical and pharmaceutical products, the DS-GS150 caters to diverse packaging requirements, offering versatility and adaptability across industries.

Effortless Process: Leveraging continuous box opening and pushing mechanisms, the machine guarantees seamless and consistent packaging, resulting in minimized downtime and maximized output.

Labor Efficiency: With its high-speed automated capabilities, the DS-GS150 significantly curtails the need for manual labor, leading to substantial cost savings and heightened operational efficiency.

Product specification

Model:	DS-GS150
carton size range:	L 110–200 * W 30–70 * H 18–45mm (can be customized according to product)
Paper Requirements Scope:	300 g/m ² ≤ Best for paper: 350 g/m ² ≤ 450 g/m ²
Paper requirements:	The indentation of the paper box is not less than 0.4mm, with a pre folding effect
Production capacity:	100–150box/min
Total power:	3 KW
Equipment dimensions:	About L3950 * W1550 * H1730mm
Machine weight:	About 2T

Company profile

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line, with superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products, metal products and other fields, to meet the needs of customers.
