

Wood and bamboo toothpick diameter 2.0mm packing machine for toothpick

Product Application and Bag Type

Dession automatic toothpick packaging machine specializing in the production of paper based toothpick packing machine, it has a high speed (400 - 600 pieces per minutes) . High efficiency. Good stability. Can be single and double support. Single and double head. Packaging paper thickness required Min. 28 grams to 100 grams. OPP film also available. Packaging is fully automated.. Household electricity frequency control .220 volts. Power 0.37 kw.

Machine Photos

Hot selling price☐ \$4,880.00-\$5,250.00

Main Features

- 1.Travel scope can be adjusted.**
- 2.Mould is located by locating groove which makes it easy to change mould. The machine heats the PVC through conduction and forms it through pressing and frothing.**
- 3.The material is fed automatically. The mould and feeder can be designed as user's requirements.**

- 4.Speed is shifted by step-less transducer. Adopt the interface of human-machine and PLC programmable controller, it can synchronize accurately.
- 5.Adopt the equipment of trace pressing, batch number printing and scarp-collecting.
- 6.Stepping motor drives and tow materials.
7. The heating moulds will automatically separate when the machine stops, which contributes to protect the material between them and extend the machine's life.

Shipping:

Upon receipt of payment , delivery date will be in 15-30 working days,
By Air, by Sea or by Express (DHL etc)

COMPANY PROFILE

DESSION is a modern packaging equipment solution provider integrating R&D, production and sales. Since the establishment of the company, with the continuous exploration, research and application of advanced technology, the company's development has begun Scale, with an innovative team of professional and technical personnel, engineers, sales and after-sales service personnel, has successfully developed a number of series of packaging machinery and related equipment, widely it is used in food, medical supplies, hotel supplies, daily necessities, hardware accessories, cultural and sports goods, toys and other products that require flexible packaging. With advanced engineering design technology and high-quality equipment system, the equipment is out The mouth has reached the Middle East, Southeast Asia, Europe, America, South Africa and other countries and regions, and has been well received by users all over the world.
