

China benchtop bottle filling machine with conveyor

德迅 *Dession*®

<

INTRODUCE

>

The products that can be produced include small-volume packaging (such

as bottles and bags) such as beverages, sauces, cosmetics, and medicines. It is especially suitable for laboratories, start-ups and flexible production lines. Its high-precision pump control system and adjustable parameters ensure filling consistency and hygiene standards.

< APPLICATION SCENARIOS >

< MACHINE ADVANTAGES >

Solve the pain points of small and medium-sized enterprises with limited space and high equipment investment threshold

Quickly realize small assembly line operation and say goodbye to manual handling of single machines

Significantly reduce labor dependence and error rate, and alleviate the problem of difficulty in recruiting workers

Quick return on investment: small and medium-sized production capacity customers can recover equipment costs in 3-6 months

Direct supply from the source factory, no middleman premium, and after-sales cost reduced by 50%+
