Product Advantages

All-in-One Functionality: The Automatic Small Box Cartoning Machine excels in automating packaging, weighing, and label printing processes. By consolidating these functions, it optimizes resource utilization and minimizes operational costs.

Enhanced Packaging Quality: Experience packaging excellence with this machine. Compared to manual methods, the equipment delivers more secure, aesthetically pleasing, and consistent packaging results, which contribute to bolstering brand value.

Versatile Size Handling: The machine's inching device facilitates effortless adjustments for boxes of varying sizes. This versatility streamlines operations and accommodates a wide range of packaging

requirements, ensuring adaptability to changing needs.

User-Friendly Operation: Featuring PLC control and a fault removal display device, the Automatic Small Box Cartoning Machine offers simplicity in operation. Users benefit from an intuitive interface, reducing the learning curve and minimizing downtime.

Product specification

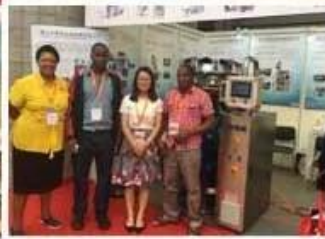

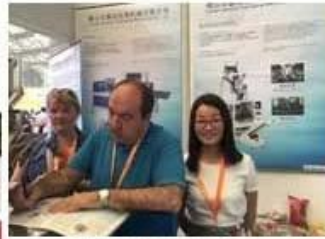

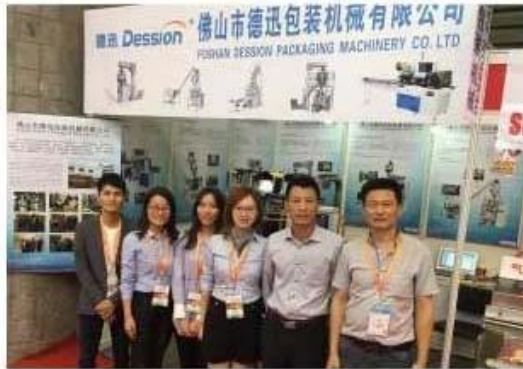

Model	DS-100S
Packing speed	30-80box/min
Quality requirements	250-350g/m(Depends on the size of the carton)
Size range	(60-220)mm * (20-125)mm * (15-60)mm (Special size can be customized
Main motor power	1.5kw
Machine size	(L)2950 * (W)1380 * (H)1800mm
Machine weight	1000kg
Power supply	220V, 50HZ

Company profile

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line, with superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products, metal products and other fields, to meet the needs of customers.
