< MACHINE ADVANTAGES >

Vertical form fill seal (VFFS) packaging machines are used in almost every industry today for a good reason: They are fast, economical packaging solutions that conserve valuable plant floor space.

Whether you're new to packaging machinery or already have multiple systems, you're likely curious about how they work.

Vertical Form Fill Sealing Machine (VFFS) is used for packing many different products:

1. Food Industry: peanuts, popcorn, jelly, data, garlic, beans, grains, soybeans, pistachios, walnuts, rice, corn, sunflower seeds, melon seeds, coffee beans, potato chips, banana chips, plantain chips, chocolate ball, shrimp, sweet candy, sugar, tea, herbs, Chinese medicine, puffed food, dry food, frozen food, frozen vegetables, frozen pea, frozen fish ball, frozen pie, and other granule products.
2. Pet Food Industry: dog food, bird food, cat food, fish food, poultry food etc.
3. Hardware Industry: plastic pipe elbows, nails, bolts and nuts, buckles, wire connectors, screws and other construction products.

< MACHINE DETAIL MARKINGS >

DETAIL

Film loader

Servo film-pulling and film-loading assembly, with the dancing arm moving up and down, realizing dynamic control of the film tension. The film travels above the eye-mark sensor, realizing precise film tracking and positioning.

Bag former

Drawn down by servo drive friction

pull-down belt, packing film enters the bag former, realizing nice and neat packaging performance. With a user-friendly design, changing the bag former for different film widths is easy.

End sealing assembly

With independent temperature control, the servo control end sealing jaws move in open-close motion. Heated sealing jaws will simultaneously make the top seal of one bag and the bottom seal of the next bag. Then, the Finished pillow bag will be discharged.

Intuitive HMI display

Different settings for set up, commissioning, daily operation and maintenance can be conducted via the touch screen. With the memory function, it is easy for different packing sizes to change over.

< OUR SERVICE >

Worry Free After Sale

Professional after-sales team with 10 years of experience

24-hour online after-sales

Professional technical team, on-site installation service

on-site debugging training

With a professional after-sales service team, we can provide you with satisfactory and technical service no matter which country you are in; Any videos of packing machine installation, adjusting, setting, and maintenance are available for any buyer; If you have any problem when using the machine and the videos can not help, our technician will video chat with you to fix your problem; (Notice: In order to save your cost, we offer various video chatting services for you, but if you insist on the service overseas, the travel expense and technician cost will paid by you.)

< OUR SHIPPING >

Upon receipt of payment , delivery date will be in 15-30 working days, By Air, by Sea or by Express (DHL etc)

FAQ

Q1. Are you a manufacturer?

A1: Yes, we are an experienced manufacturer with our own brand and production lines, welcome to visit our factory at your convenient time.

Q2. How about the quality of products?

A2: Our technicians and QC teams test the products one by one using aging lines, professional devices, and instruments to ensure the quality of all products.

Q3. How about the price?

A3: We are a manufacturer and always offer our customers the most competitive prices.

Q4. How to place an order?

A4: Contact with online service, or send an email to us directly, we will reply to you with the product price, specifications, packing, etc. soon.
Thank you.

Q5. May I send samples to you for testing?

A5: Yes! You are welcome to send us your products to test by our machine.

Q6. How long is your delivery time?

A6: Generally it is 5-10 days if the goods are in stock. or it is 15-30 days if the goods are not in stock.
