DS-260LS - 30~60bags/min

DS-260LS is a high-speed automatic bagging machine. It is suitable for various materials such as powder, granules, and pellets. The machine features a large hopper, a precision weighing system, and a fast filling mechanism. It is designed for high efficiency and accuracy, making it ideal for large-scale industrial production. The machine is easy to operate and maintain, and it can be adapted to different bag sizes and weights.

DS-260LS

Model	DS-260LS
Production Capacity	30~60bags/min
Bag Weight	40~200g
Bag Length	50~130mm
Dimensions	1100 * 755 * 1540 mm. (L * W * H)
Weight	300kg
Power	220V, 50/60Hz, 1.2KVA

Company profile

Foshan Dession packaging machinery Co., Ltd. is located in Nanhai District, Foshan city, China machinery center, is a collection of research and development, manufacturing, sales and after-sales service in one of the high-tech enterprises, with self-import and export rights. DE newsletter focusing on production and research and development, all kinds of bag packaging machine, filling machine, and the research and development and manufacture of automatic packaging line, with superior performance, advanced technology, easy operation, easy maintenance, safe, durable, widely used in puffed food, snack food, frozen food, agricultural and sideline products, medicine, chemical products, metal products and other fields, to meet the needs of customers.
