1. Fully automatic mask production

100-130bags/min

3.Layer:3-4

4. Mask size: 175*95mm

5. Machine size:

2. Production capacity

8.

6500*4000*2000

6. Machine weight:

1800KG

7. 2 lines output

about $175 \, \mathrm{mm}$ in length and 160 in width of material per mask, 1000 meters roll material could make about $5700 \, \mathrm{pcs}$ mask
